Professional Summary

Motivated Information Technology student aspiring to build a career in Data Analytics. Hands-on experience with Python-based data analysis, Excel, SQL, MySQL and Power BI through practical projects and an ongoing Data Analytics Internship at APPWARS Technologies. Skilled in analyzing datasets, identifying trends, creating visualizations and converting data into meaningful business insights.

Technical Skills

Data Analysis: Python, Pandas, NumPy, SQL, MySQL
Data Visualization: Power BI, Matplotlib, Seaborn
Spreadsheet: Microsoft Excel, MS Office
Programming: Python, C, Java (Basic)
Tools: Jupyter Notebook, VS Code, Git, GitHub
Web Technologies: HTML, CSS, JavaScript (Basic), Bootstrap

Internship Experience

APPWARS Technologies <i>Data Analytics</i>	June 2026 – Present Ongoing
– Building practical skills in Python and Data Analytics while working with real-world datasets. – Applying data analysis and problem-solving techniques to understand data and generate meaningful insights.	

Data Analytics Projects

Supermarket Analysis <i>Excel, Data Analysis</i>	GitHub
– Analyzed supermarket sales data to understand sales performance, patterns and business insights.	
Sales Analysis Dashboard <i>Dashboard, Data Analysis</i>	GitHub
– Developed a sales analysis dashboard to present performance trends and business insights in an easy-to-explore format.	
Spotify Most Streamed Songs <i>Python, Data Analysis</i>	GitHub
– Analyzed Spotify data using Python to explore music trends, artists, tracks and audio features.	
D-Mart Sales Dashboard <i>Power BI</i>	GitHub
– Built an interactive Power BI dashboard to analyze sales, quantity, ratings, states, cities, brands and order performance using slicers and interactive visuals.	
E-commerce Data Analysis <i>Python, Pandas, NumPy, Matplotlib, Seaborn</i>	GitHub
– Analyzed e-commerce data using Python libraries to identify sales trends and customer insights.	
Dirty Cafe Data Analysis <i>Python, Pandas</i>	GitHub
– Analyzed cafe sales data using Python and Pandas to identify sales patterns and generate business insights.	

Education

Aryika Gyanwati Government Girls Polytechnic, Ayodhya <i>Diploma in Information Technology</i>	76.89%
G.V.M. Inter College, Khaparipara Maskanwa, Gonda <i>Class 12 – UP Board</i>	75.60%
D.R.C.B. Shukla Memorial Inter College, Maskanwa, Gonda <i>Class 10 – UP Board</i>	77.66%

Training & Certifications

Softpro India <i>Java & Spring Boot Training</i>	June 2025 – July 2025 45 Days
Mahindra Pride Classroom <i>Employability Skill Programme</i>	25/09/203 – 30/09/203 6 Days
